INSTRUCTIONS

1. Align the mechanical extension with the locating pin. Slide onto the NATO connector on the side of the power supply module.

2. Tighten the screw on the side of the mechanical extension to secure the installation.

3. Attach the DJI RS 2 battery to the power supply module and tighten the tie down.

4. Attach the handle to the 1/4" 20 Arri standard mounting point of the mechanical arm. Tighten the screw to finish the installation.

5. Attach the DJI RS 2 to the dual handle power supply bracket.

6. The setup is now complete.

7. The dual handle power supply bracket can also be paired with a tripod, remote control handle, dual channel wireless lens control handle, etc. (Optional)

8. The power supply module is compatible with either a V-mount or gold mount battery plate, which can be used to power on-board monitors and small LED lights, etc. (Optional)
